PRINCIPAL’S REPORT

The staff have been investigating the use of iPad technology and researching useful apps that could be used in their classes. Students will soon be able to access this technology as the school has ordered a class set of iPads. Using the same system as our banks of laptops, staff will be able to book a set of iPads for use in their class. This large investment in ICT has been funded wholly by the school and we are proud to say that none of our students will be disadvantaged as it is the school that will provide this commonly used educational equipment, rather than asking parents to provide it for their students.

Hopefully parents/guardians of Year 7 and 9 students will have received the NAPLAN report in the mail during this week. Please make sure you contact the school if you have any queries or concerns regarding the report and its results.

Next Wednesday evening, we have a school council meeting at 6.30pm in the Library. All welcome! At 5pm in the library, we will be holding the first Canteen working party meeting. Maree Shegog does a great job in the Canteen, but after a certain amount of time, policies and other documents need updating and School Council thought a working party would be the easiest way to get this done. If you would like to volunteer your time to join this working party, please contact me before Wednesday. Parents, students and staff welcome.
HOMEWORK

Homework is a weekly or fortnightly task. Students are expected to hand in homework on the due date. Unsubmitted homework, after one period’s grace, will result in detention until the work is completed. It is a student’s responsibility to collect homework if you have been absent. You can ask your teacher for the task. NB: Students may receive other homework as necessary for other subjects.

Halogen has hosted youth development programs for many years which are aimed at inspiring the youth of today to be the leaders of tomorrow. Each year, inspirational speakers such as Olympians, media personalities, disability advocates, musicians and those involved in community service provide a springboard, via the 'The Imagination' conference, for young people to develop their leadership potential. Mount Beauty Secondary College will send a team of 12 students to 'The Imagination' conference in Melbourne on November 7th 2016. This fantastic opportunity to begin to develop leadership potential is open to all of our secondary students. Students who wish to be considered for the MBSC team should immediately express their interest to Ellen Sadler. CAMPS, SPORTS AND EXCURSIONS FUND

DAIRY ASSISTANCE

In 2016 the Victorian Government implemented a response package to assist dairy farming families. This included assistance for primary and secondary students attending schools (government and non-government schools) where one or both parents:

- own an operating dairy farm
- are share farmers on a property primarily operating as a dairy farm
- hold a lease for an operating dairy farm
- work as an employee on an operating dairy farm and this is their main source of employment.

The Dairy Assistance CSEF payment of $375 will be paid to the school that the student is currently enrolled at the start of Term 3 2016.

Parents can apply for the dairy assistance funding by completing an application form, available from the office, and lodging it by 18 November 2016. The school will allocate the payment directly to benefit the eligible student.
