PRINCIPAL’S REPORT
Welcome to Term 4! I hope everyone had time to rest over the holidays and are ready to do their best in this last term of the year. It is another busy term, with the Year 12s finishing at the end of Week 3 and Year 11s at the end of Week 8. 2017’s VCE students received a course selection sheet this week and we ask that these are returned by the end of this week so we can finalise the subjects on offer at VCE next year. Next Wednesday will be the Middle School Information Evening in Room 9 at 7pm for students in Years 7 – 9 and their parents.

**HOMEWORK**

Homework is a weekly or fortnightly task. Students are expected to hand in homework on the due date. Unsubmitted homework, after one period’s grace, will result in detention until the work is completed. It is a student’s responsibility to collect homework if you have been absent. You can ask your teacher for the task. NB: Students may receive other homework as necessary for other subjects.

### ASSISTANT PRINCIPAL’S REPORT

Dear Parents,

**Middle School Information night on Wednesday 12th October at 7pm** is an important meeting that not only helps Year 7 parents understand our middle school subject selection process but also helps Year 9 student understand their options for Year 10 and acceleration into VCE.

Our Digital data Devices Policy is constantly being updated. It covers the use of Mobile Phones. I have included some points from our policy so we all have an understanding of the expectations of students.

Our school recognises that students may require the use of their device outside school hours to contact their parents or guardians. However Digital Data Devices are not permitted to be carried by students during the school day (8:30AM-3:30PM) or at any school related activity or function at any time unless specific request has been granted by the school.

1. Filming of school community members, on school property, without permission, is not permitted.
2. Digital Data Devices may be permitted on specified excursions where communication is necessary. Eg – Year 11 Melbourne Camp or Snowsports excursions.
3. Digital Data Devices are not to be used for personal use at school. Emergency calls can always be made through the General Office free of charge. Parents are strongly discouraged from contacting their child via their child’s Digital Data Device during school hours. Parents should contact the General Office in an emergency.
4. Students requiring the use of a Digital Data Device for after-school use will be requested to turn the device off and store it in their bag or locker, or give it to the office for safe keeping.

Thankyou

Rhonda Gargan
SCHOOL SOCIAL POSTPONED

Due to unforeseen circumstances the school social, which was going to be this Friday night, has been postponed. It will hopefully run in December.

KWONG LEE DOW SCHOLARSHIPS

The Kwong Lee Dow Young Scholars Program offers opportunities, such as free VCE revision sessions in Melbourne, to high-achieving students currently in year 10. Recipients are also guaranteed a place into the University of Melbourne provided their ATAR is over 90 and they are given some support to assist with the costs of settling in Melbourne for study at the university. Recipients are chosen by the University of Melbourne. For the past few years they have awarded scholarships to one male and one female student from our school. Students need to apply online and provide a response to each of the selection criteria by Monday 10th October. For more details please google ‘Kwong Lee Dow’. If you are thinking of applying please see Mr Matheson. We can help with identifying your key strengths and also need to provide an endorsement for your application.

It is worth noting that one of the criteria is community involvement and participation. It is suggested that students consider undertaking some community service, such as volunteering their time with some of our local organisations, to boost their chances of receiving scholarships.
